

Dear Supplier/Contractor:

Thank you for your interest in providing commodities and services to Fayette County. We have attached an application and a listing of national commodity code classes. **On each commodity code page you receive, please mark each commodity class and subclass that your company provides and return with your application so that your company may be added to the Fayette County Bidders List.**

If we have failed to send all commodity classes for items that your company sells or services you provide, please contact us at 770-460-5730, ext. 5420. It is very important that we have correct information, as the codes are compiled into the Bidders List for bid and telephone quotations and proposal solicitations.

Due to the periodical need to purge information from our computer system, it will be the responsibility of the supplier/contractor to monitor and resubmit a bidders list application, if necessary, to remain on our bidders list.

Because our bidders list is extensive, we cannot notify all suppliers and contractors who provide commodities and services for all proposals, bids or quotes.

Please return your application to:
